REACH FOR THE SKY

A spark of life — a beat in time
A lonely light that longs to shine
An open road that knows no end
A ray of hope around the bend
You got a dream — you wanna fly
You got an urge you can't deny
Within your heart you find a voice
It's callin' you to make the choice

Reach for the sky — reach for the sky
Some men will quiver — some men will cry
Some deliver — and some will reach for the sky

You may be right — you can go wrong
You find the strength to carry on
Run satellite — your star unknown
And chase the light that guides you home
Live for the fight — fight to be free
You're facin' down reality
Where others fall, you take your stand
Answer the call — your heart's command

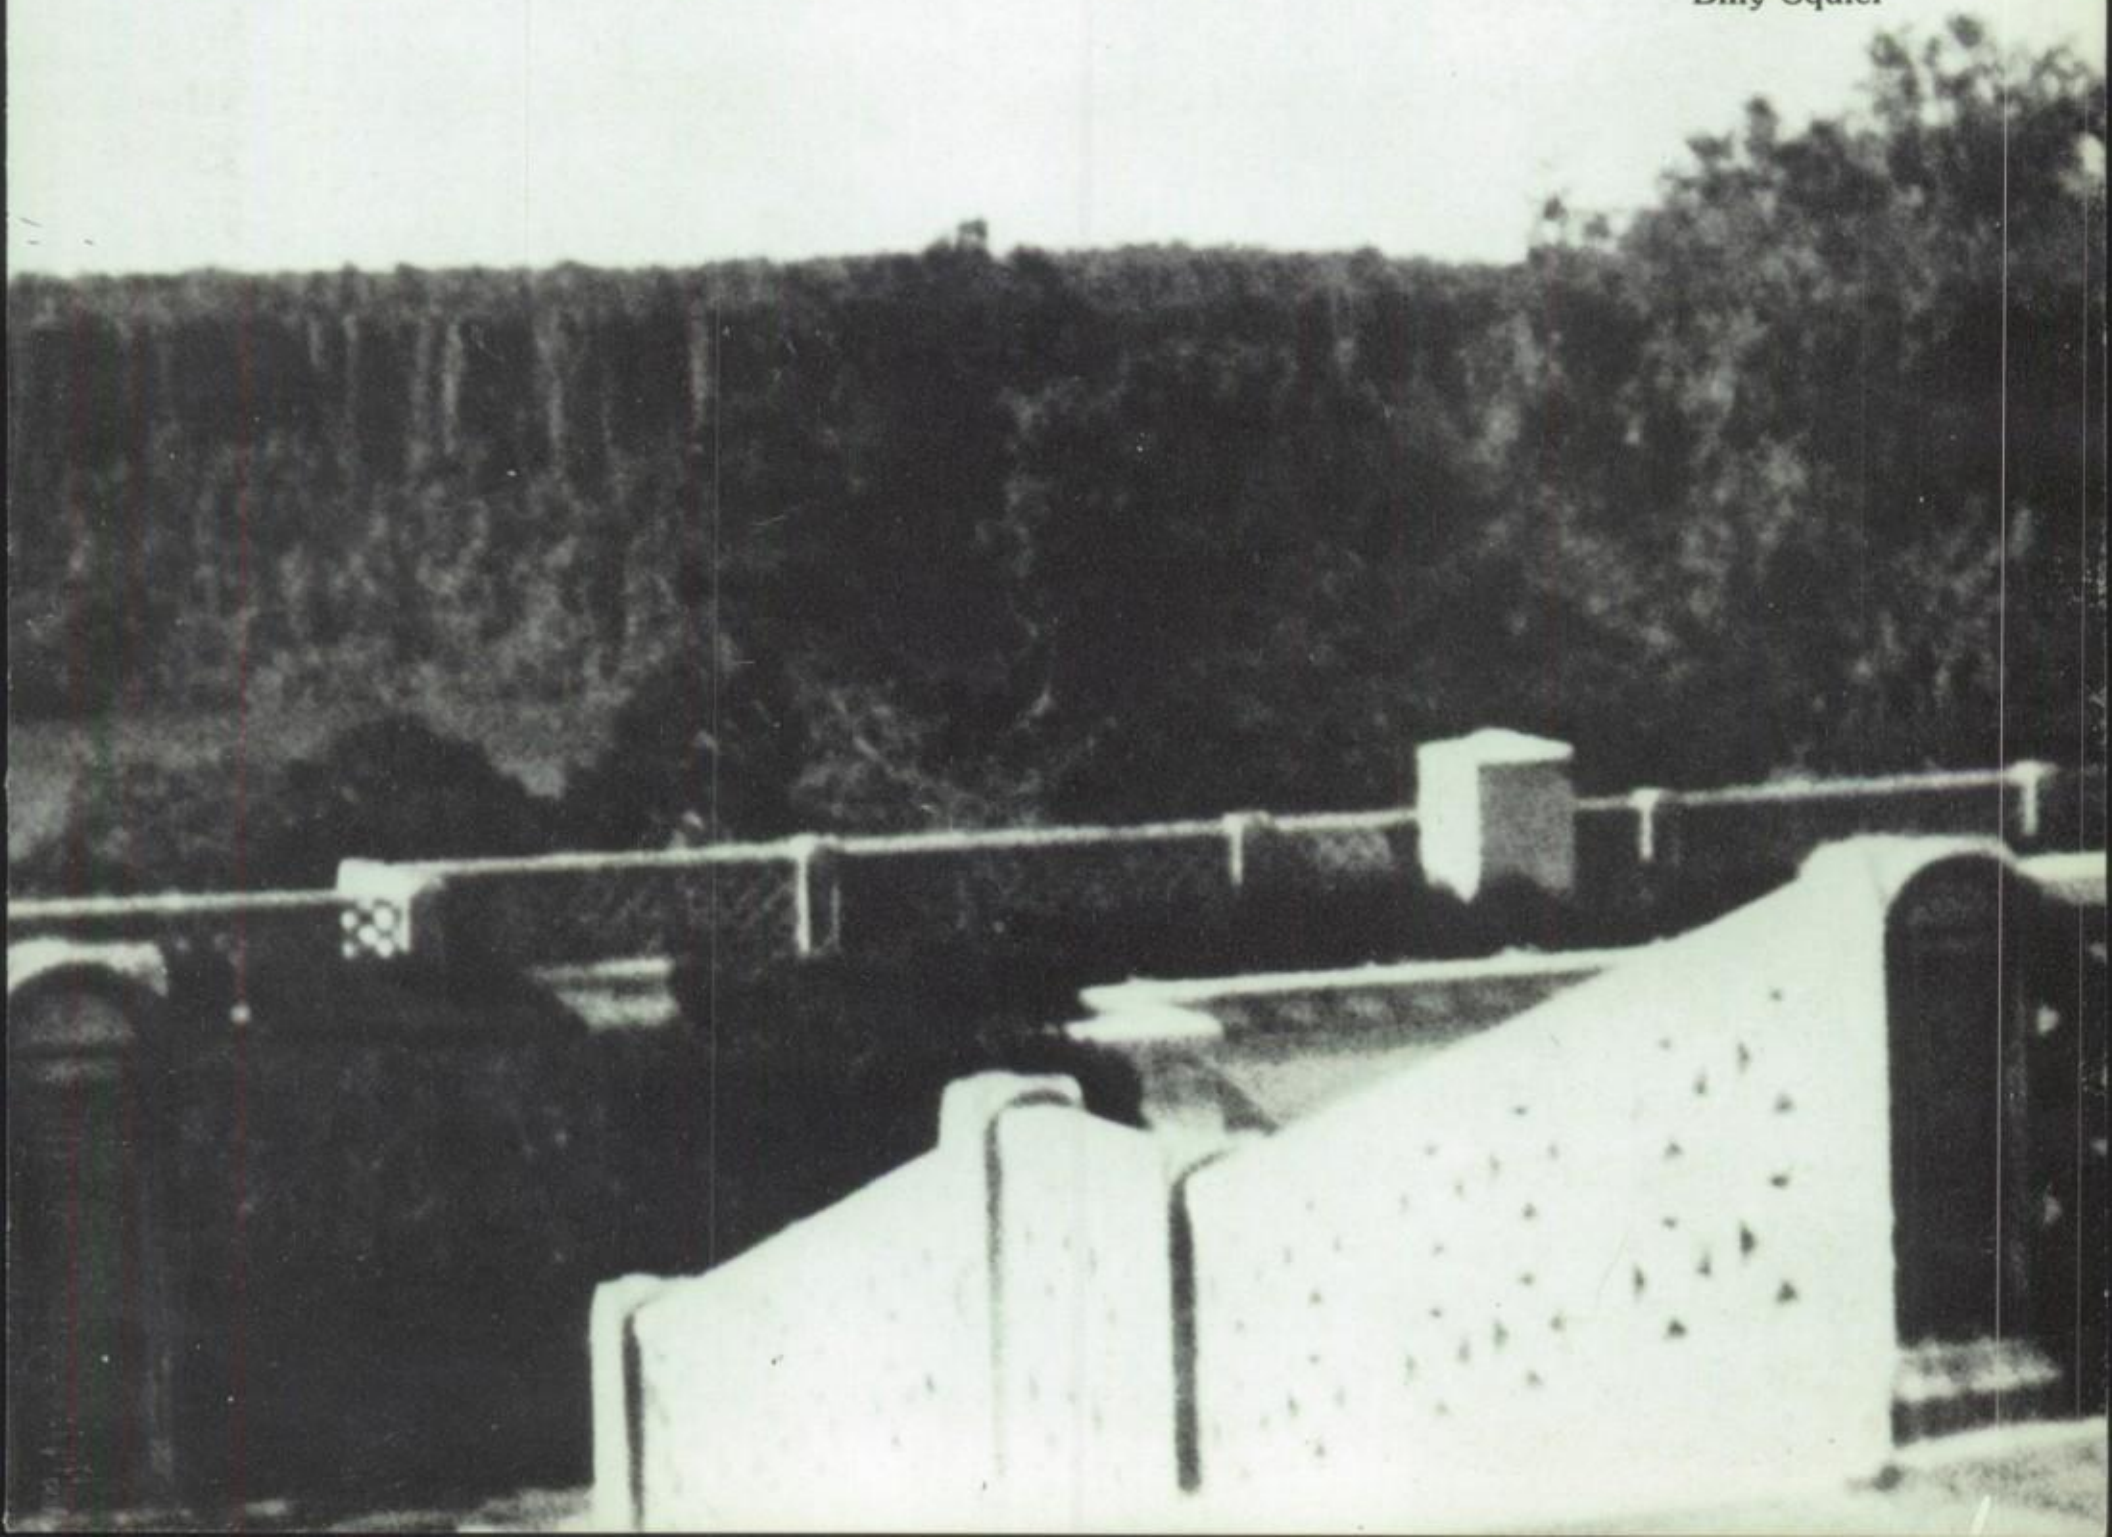

Reach for the sky — reach for the sky
Some men will question — some will deny
Some find answers — and some will reach for the sky

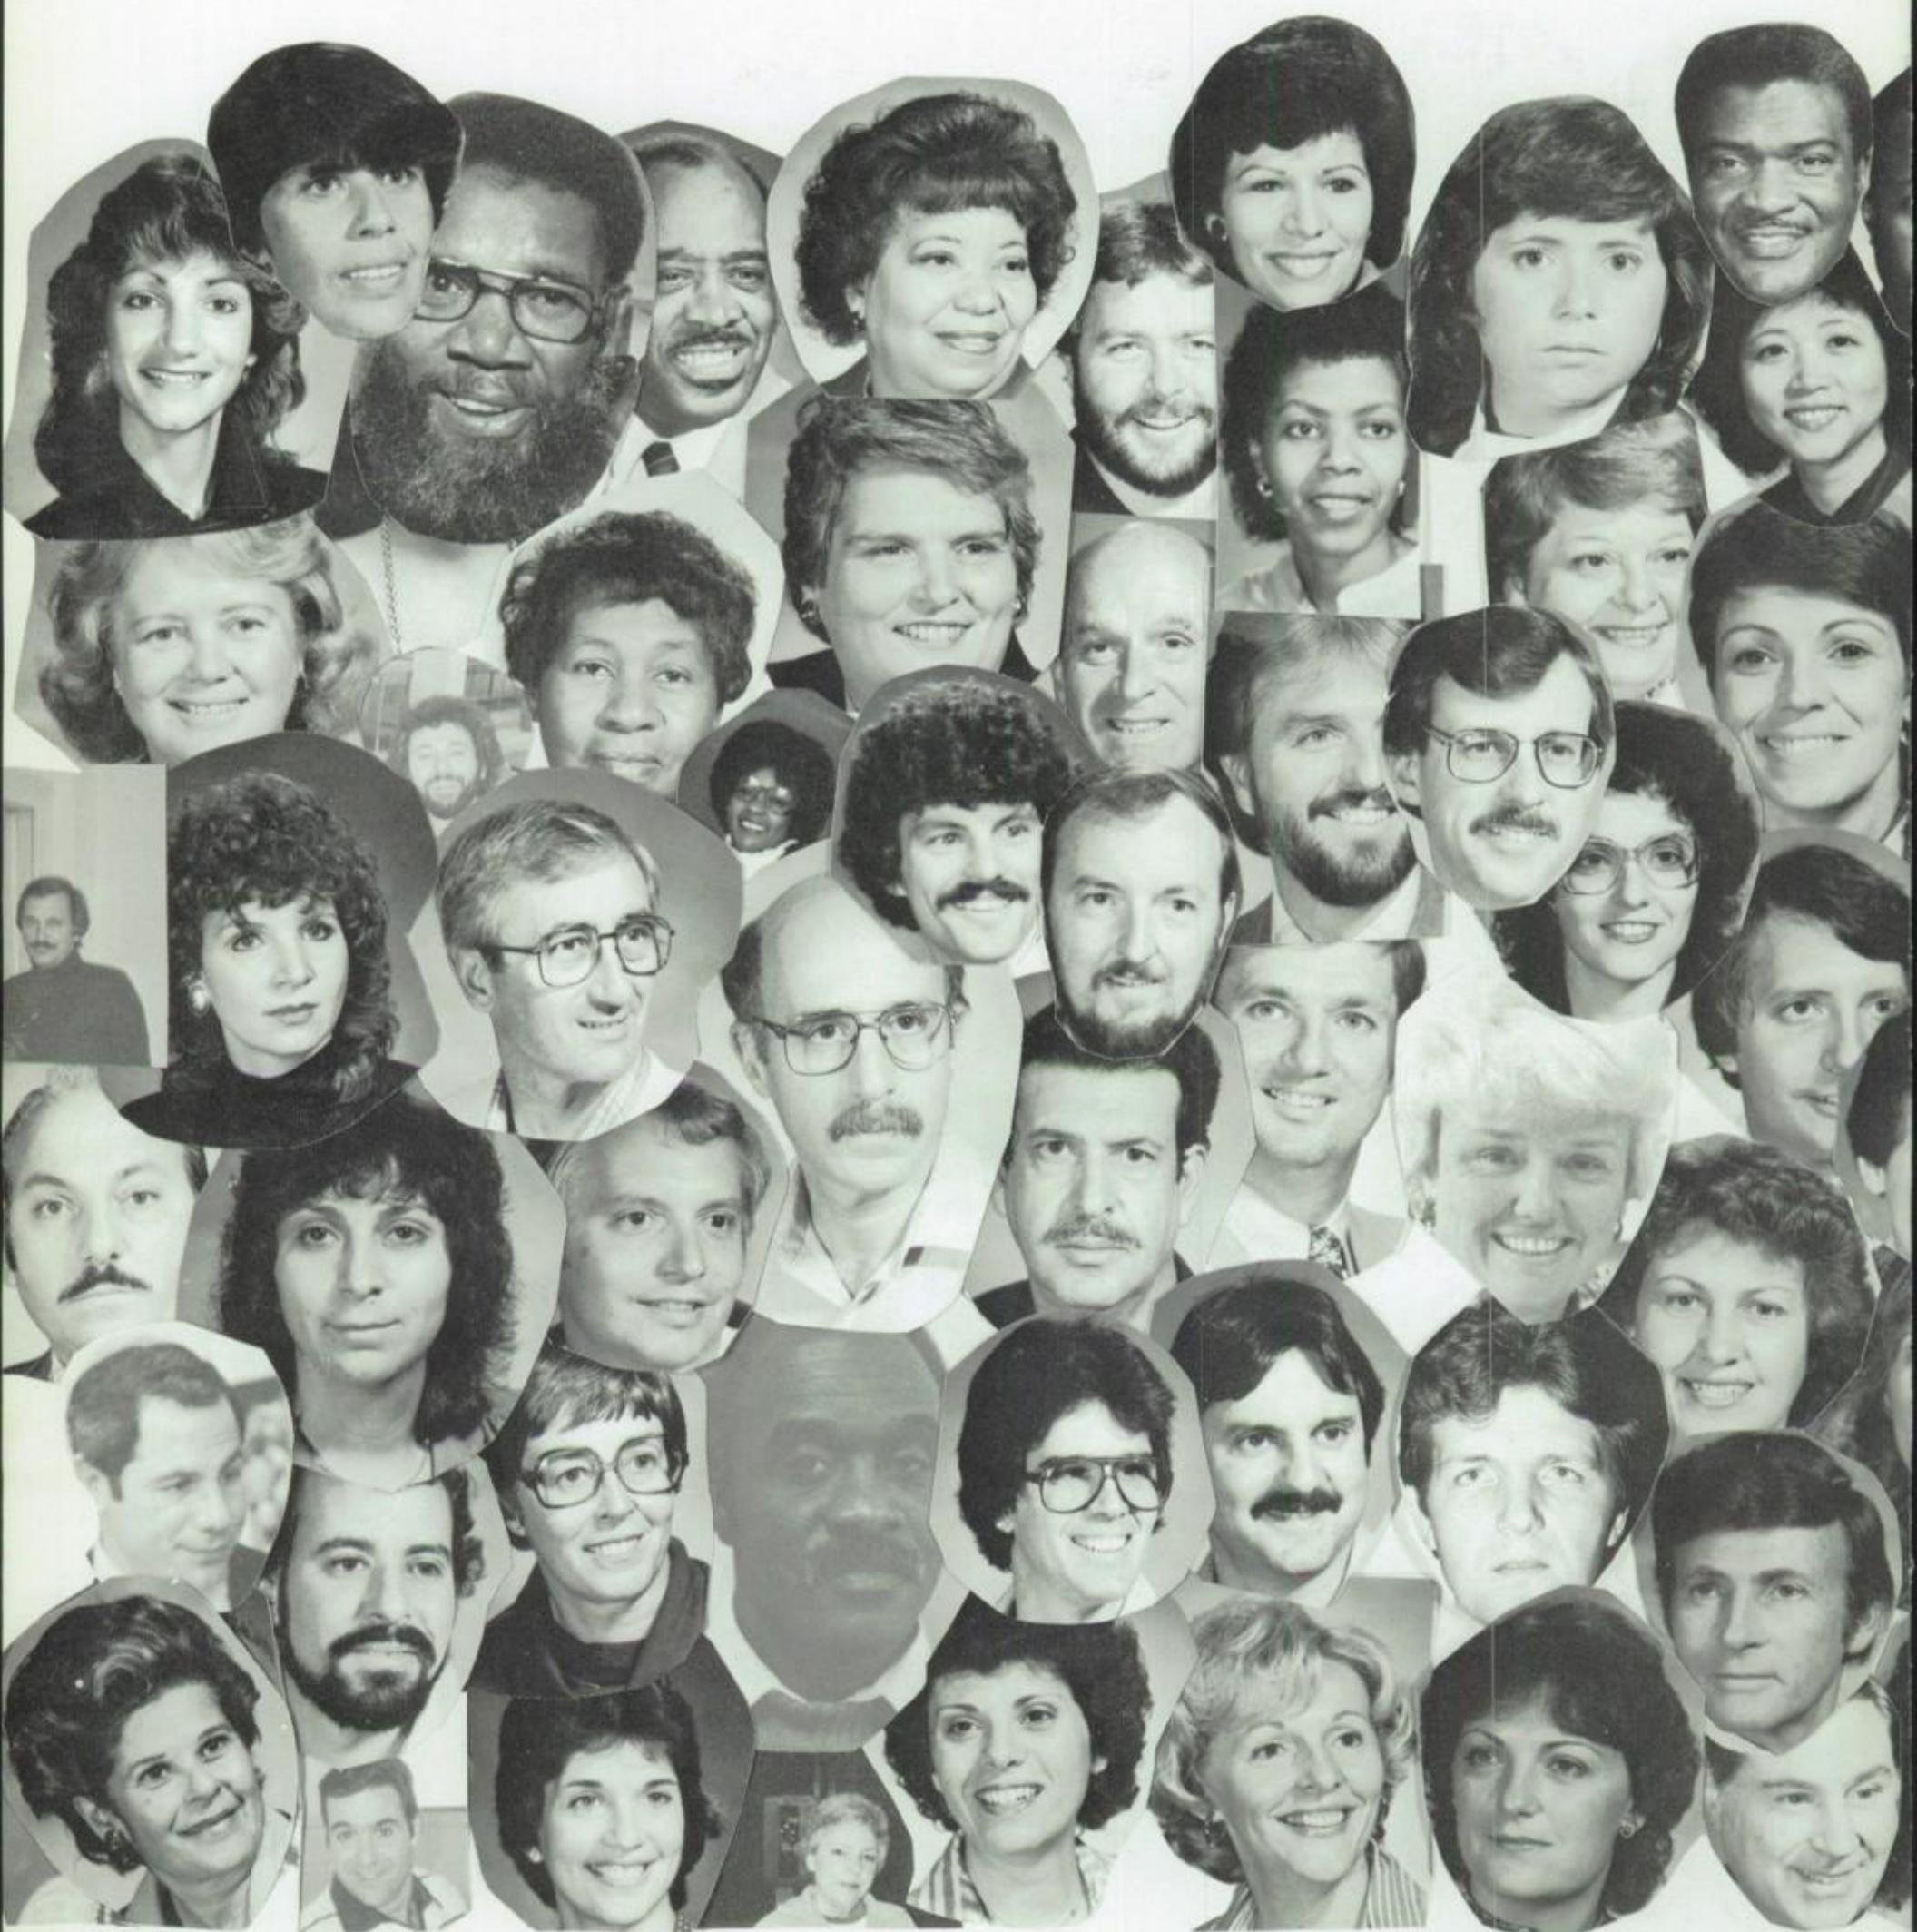

Fight the fight day by day
Sing your song come what may
Race the storm — turn the tide
Some can never be denied

You walk alone through rings of fire
You never lose your one desire
Look for the sight that's hard to see
And know that all is meant to be
You take the dream and make it real
And see the truth it must reveal
And in your heart that truth will shine
Your cause will stand the test of time

Reach for the sky — reach for the sky
Some men will vanish — some will survive
Some are restless — and some will reach for the sky

By

Dear Faculty,

For us to write in just one short page the special way in which you touched our hearts as well as our lives, it would be utterly impossible. During the four short years we have spent together, you have proved to us that a student-teacher relationship can extend beyond the classroom. You have shown us that a teacher can also be a friend.

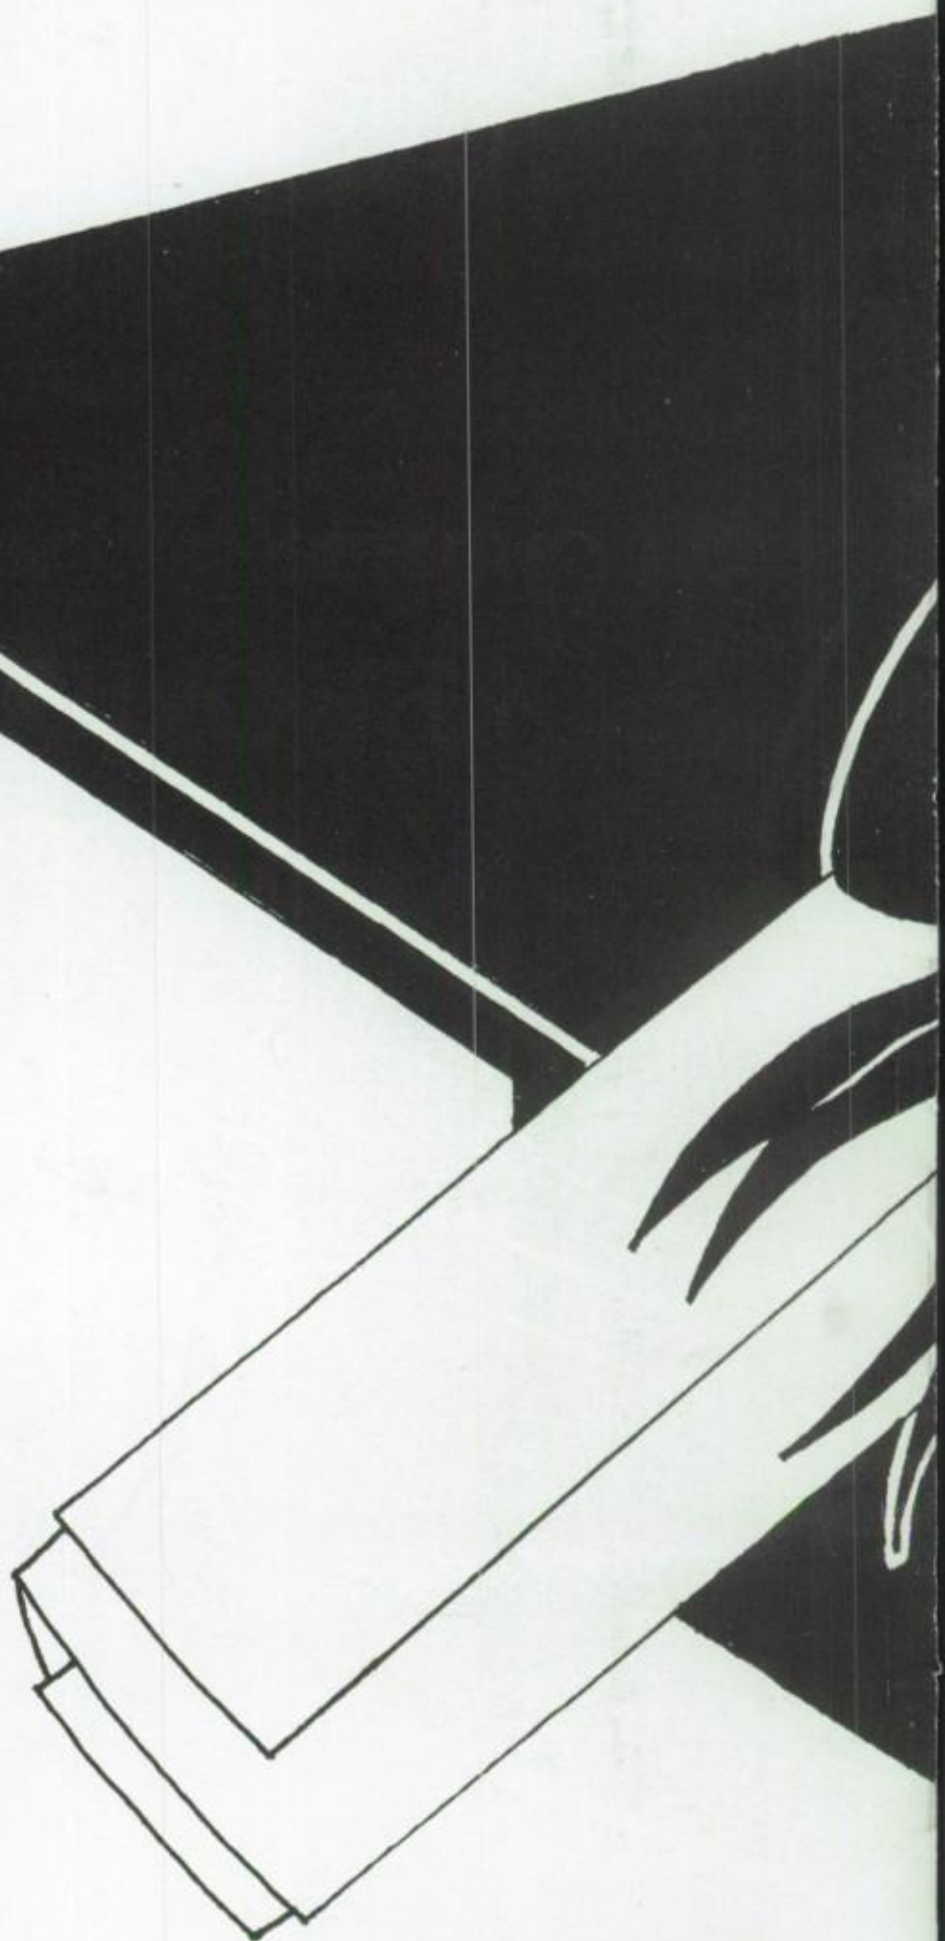

Since you have all, in one way or another, helped us through our years of changing from naïve teenagers to mature and responsible adults, we found it not only difficult, but impossible to choose just one of you to dedicate our yearbook to.

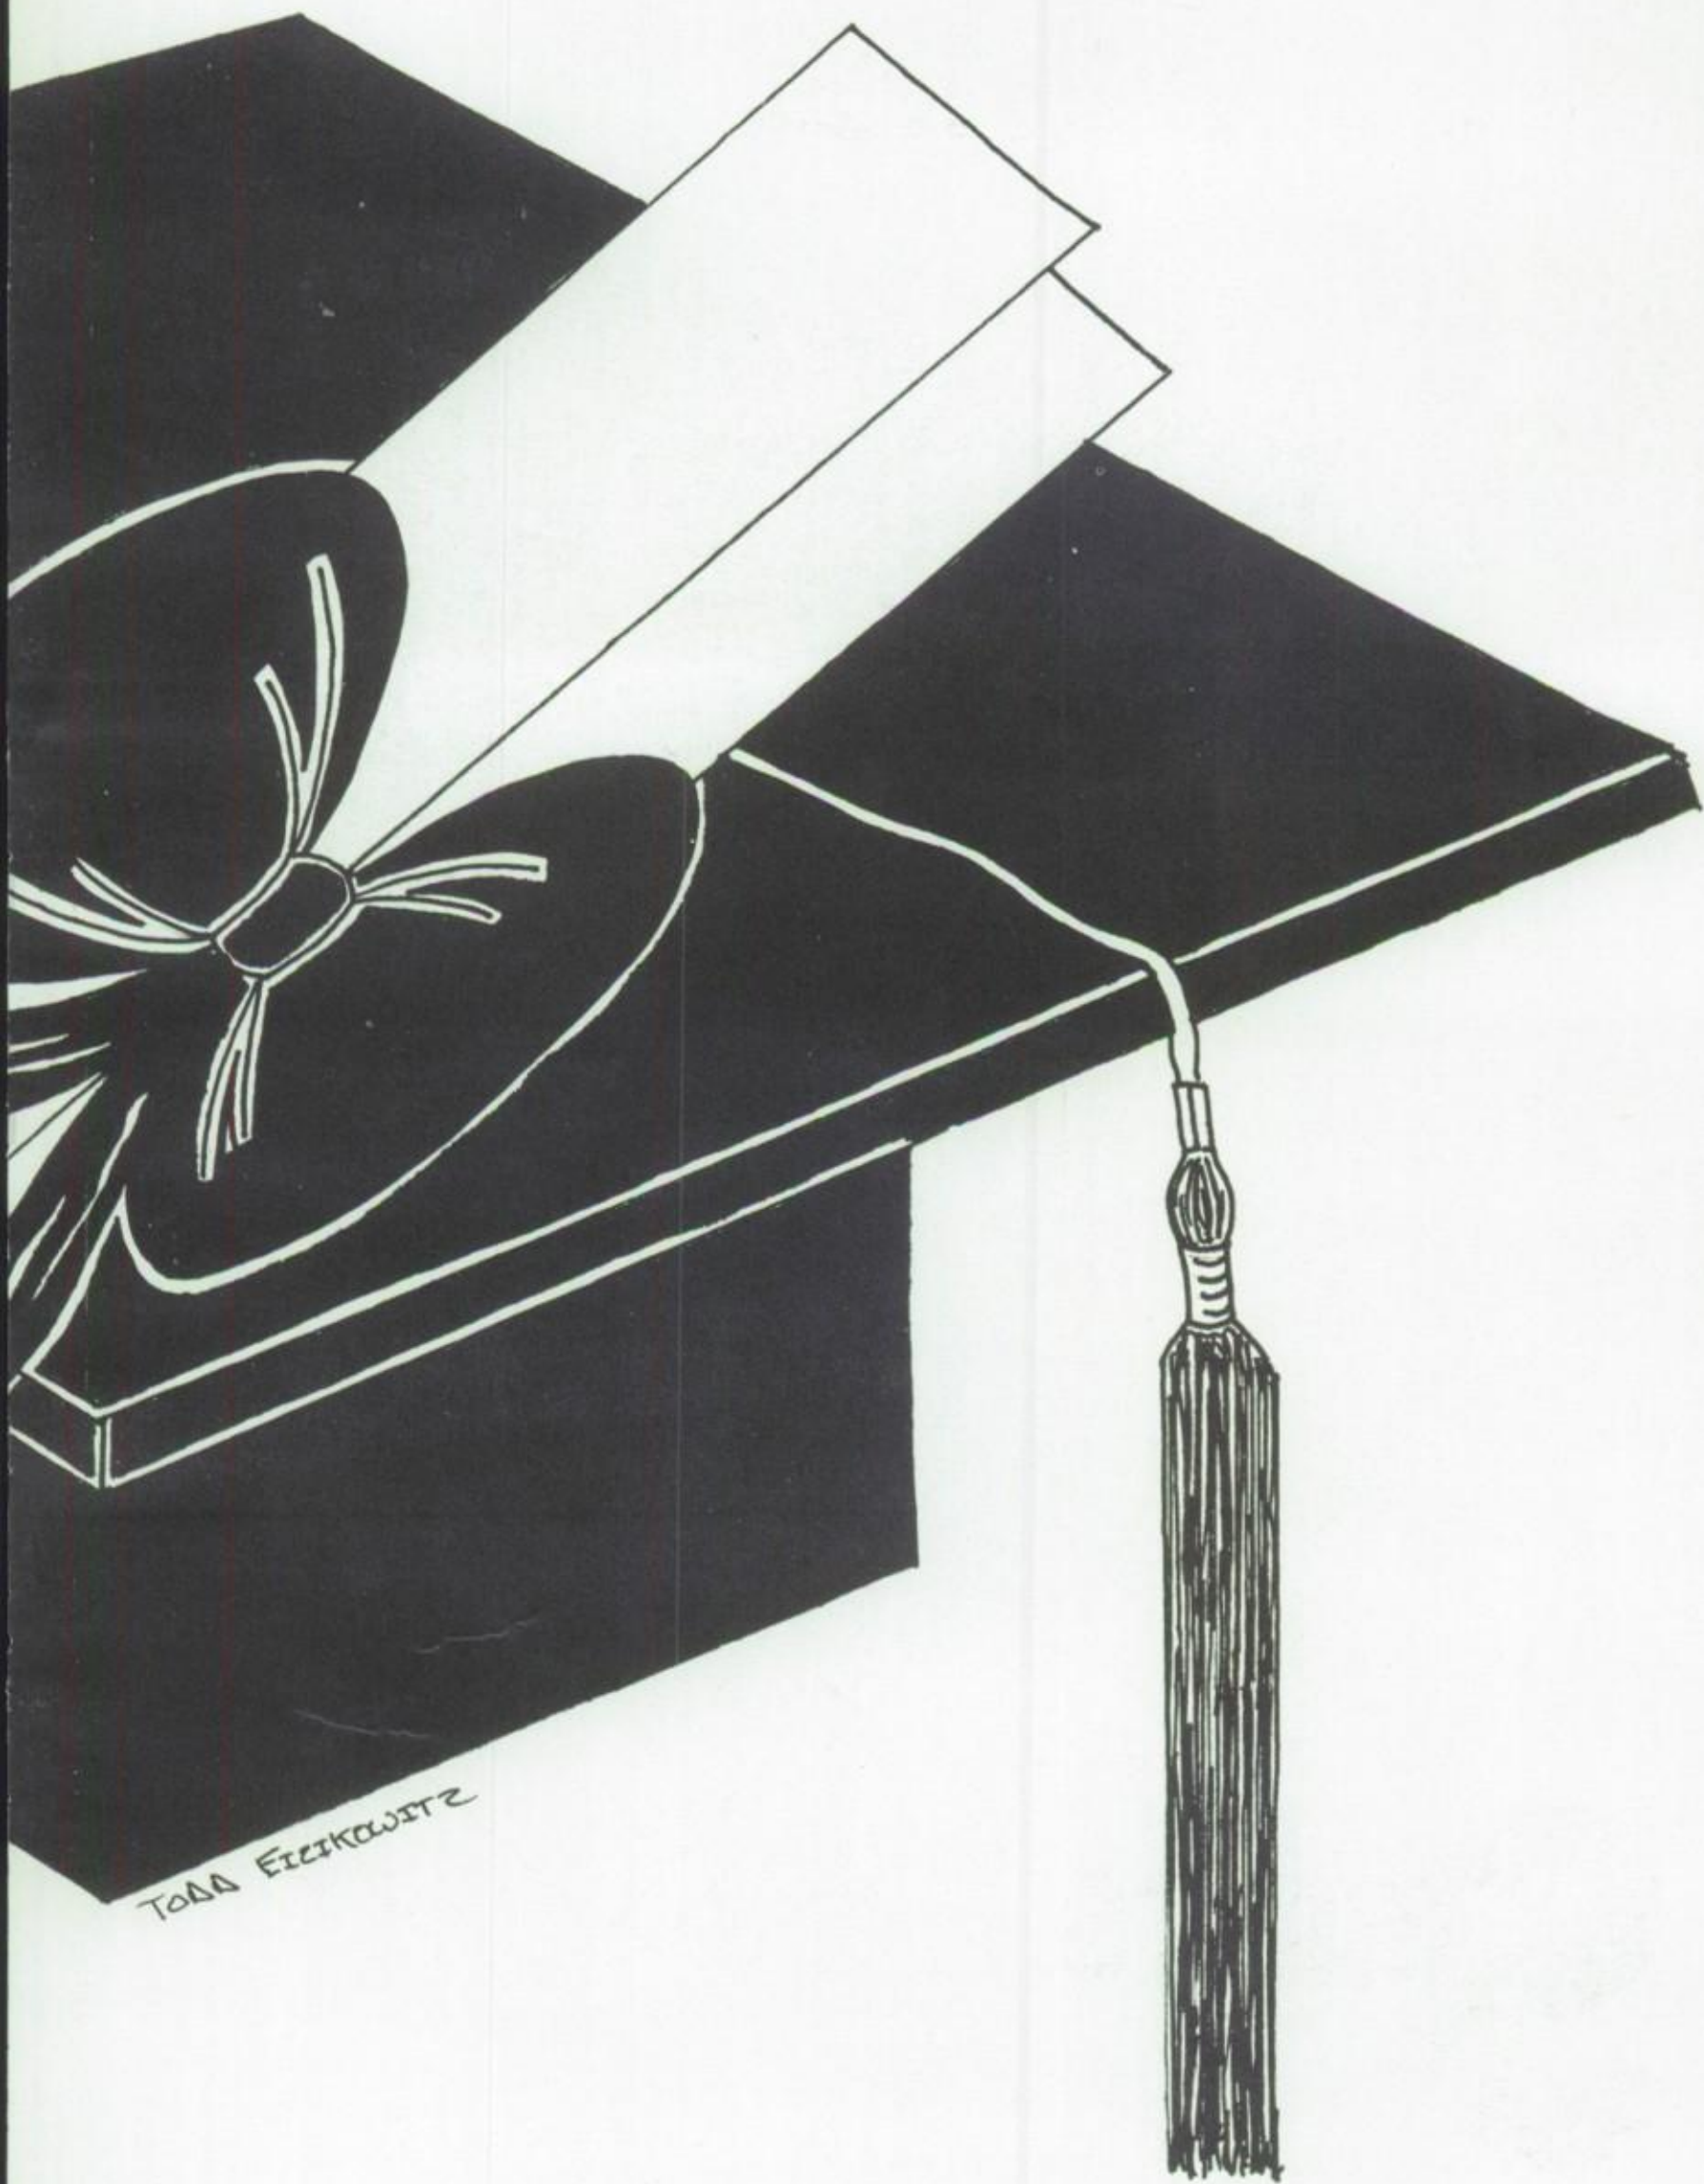

Thus, the graduating class of 1986 would like to say "Thank You" for all the special times we shared, as well as the memories we can cherish forever. Thank you for the laughs, the tears, the favors, the advice, the good times as well as the bad times. But most of all, we wish to say "Thanks" for being a friend.

From April ninth until April eleventh 1985, Ms. Hoey along with Ms. Harriet escorted forty Gorton High School students to Washington, D.C. Although they only stayed for three days, they brought home memories to last a lifetime. During the day, they visited the Capitol, The White House, the Smithsonian Institute and many other historical sights. By night, they went on illuminated tours of the Lincoln and Jefferson Memorials. In addition to all of this, they were also able to visit Annapolis and tour the campus.

Each and every student who visited Washington, D.C., had a spectacular time and would not hesitate to go back.
